Specialized Care to Ease Chronic Pain

The Kreisberg Family Center for Pain Management offers diagnosis and treatment to those dealing with chronic pain as a result of an injury or illness, including that of the back, neck or joints. The Center's board-certified physicians and other clinicians are committed to the comfort and well-being of patients.

We offer comprehensive, compassionate, progressive care tailored to relieve your pain. Patients often turn to our Pain Management Center if other treatments have not worked and they are not yet ready for surgery.

We will devise a treatment plan to help you:

- Reduce and control pain
- Increase coping, self-care and stress-management skills
- Assist your family to understand pain management
- Resume an active lifestyle
- Attain your highest level of functionality

Paul Teutel Sr., of Orange County Choppers fame, sought treatment for back pain at the Center. The staff and facility were featured in a segment of his cable TV show, American Chopper.

Types of Chronic Pain

Many conditions can cause persistent pain that impairs your ability to enjoy daily activities and impacts your quality of life. Our Pain Management team treats a broad range of pain, including that caused by:

- Radiculopathy
- Facet disease
- Degenerative disc disease
- Spinal stenosis
- Post-herpetic neuralgia
- Peripheral vascular disease
- Complex Regional Pain Syndrome (RSD)
- Terminal illness

Advanced Treatment Options

Using minimally invasive, advanced procedures, our highly skilled staff is committed to the comfort and well-being of our patients. We offer comprehensive, compassionate, cutting-edge care through:

- Dedicated C-arm for nerve-block procedures
- Procedures performed with optional sedation
- Dedicated procedure room and recovery area
- Experienced, skilled nursing staff
- Personalized treatment plans
- Pain-management support group

Convenient Location

The Kreisberg Family Center for Pain Management is conveniently located at our Cornwall campus, 19 Laurel Avenue. In most cases no prescription is necessary, and treatment is covered by most insurance plans.
